3. USE OF THE PLATFORM

The SoundLink platform is designed to facilitate the meeting and collaboration between artists, specifically producers and rappers. By creating a profile on our platform, users can present their art, skills and musical preferences. In addition, it allows them to explore and view profiles of other artists, thus enhancing the possibility of discovering compatible collaborators for musical projects.

SoundLink's fundamental purpose is to foster creative connections and facilitate artistic collaborations. To this end, we offer a "match-making" feature, which allows users to connect with others who share similar musical interests and goals. Once matched, users can communicate and plan musical collaborations, exchange ideas or even share projects and tracks.

We are committed to maintaining an environment of respect and professionalism. Therefore, we expect all users to act with integrity and respect towards other members of the community. Any misuse of the platform, such as harassment, copyright infringement or unprofessional behavior, may result in the suspension or removal of the user's profile.

4. USER PROFILE

When registering on SoundLink, each user must create a personal profile. This profile will be your letter of introduction to the artist community and should include relevant information such as your artistic name, musical genre, previous experiences, work samples and any other information you consider useful to establish connections and collaborations.

The user is responsible for the accuracy and veracity of the information provided in his/her profile. SoundLink is not responsible for the authenticity of the data provided by users or the consequences of false or misleading information.

Users are expected to maintain respectful and professional behavior in all interactions within the platform. Inappropriate, offensive or copyright infringing content will be removed and may result in suspension or termination of the user's profile.

The user's profile is personal and non-transferable. Each user is responsible for maintaining the confidentiality of his or her account and password, as well as for all activities that occur under his or her profile. In the event that any unauthorized use of your profile or breach of security is detected, you must immediately notify SoundLink.

SoundLink reserves the right to modify, reject or delete any profile that does not comply with the terms and conditions of the platform, or that is deemed inappropriate or harmful to the user community.

5. ACCOUNT

Users will be able to register and open an account on the platform. You are responsible for maintaining the confidentiality of your password and account information, and are fully responsible for all activities that occur under your password or account. You agree to immediately notify SoundLink of any unauthorized use of your password or account or any other breach of security, and to ensure that you log out of your account at the end of each session. You may never use another user's account without SoundLink's prior authorization. SoundLink will not be liable for any loss or damage arising from your failure to comply with this agreement.

Users may cancel their accounts at any time and for any reason through the account settings or by sending us their request through our contact information. Such cancellation will only result in the deletion of the account and the deletion of all personal data provided to SoundLink. SoundLink reserves the right to terminate your account or your access immediately, with or without notice, and without any liability to you, if SoundLink believes that you have violated any of the provisions contained in these terms and conditions.

6. SUBSCRIPTIONS

SoundLink users have the option to purchase a monthly billing subscription. This subscription allows the user to access and view up to 50 profiles per day, facilitating extensive exploration and connection with other artists on the platform.

The subscription will automatically renew and be billed each month on the corresponding billing date. The charge will be made via the payment method selected by the user at the time of subscription. Accepted payment methods include credit/debit card, PayPal, Apple Pay and Google Pay.

Users may cancel their subscription at any time through their SoundLink account settings. The cancellation will take effect for the next billing cycle, meaning that the user will be able to continue enjoying the benefits of the subscription until the end of the current billing cycle. Once cancelled, the subscription will not be renewed for the next billing cycle and no further automatic charges will be made.

It is the user's responsibility to ensure that their payment method is up to date and has sufficient funds to cover the cost of the subscription. In the event that payment cannot be processed, SoundLink reserves the right to suspend access to subscription services until payment is successfully completed.
